Building AAWEARness Through Advocacy and Education

Earlier this year, AAWEAR piloted an immersive harm reduction educational program for third-year medical students from the University of Calgary, Cummings School of Medicine. For eight weeks, these students underwent in-depth training and made ties to Calgary's drug-using community...

UAlberta & CMN Collaborate to Study Mental Models

Physicians and pharmacists both work for the best interest of a patient, but not sharing the same mental model can create inaccuracies, difficulty coordinating decisions, and knowledge gaps that lead to misunderstandings...

Chronic Pain Gains in Alberta: An ECHO® Series

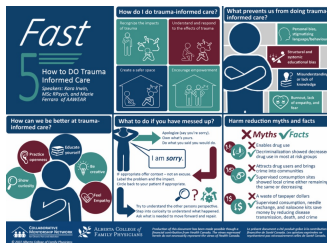

Calling all Spring ECHO® Participants: Please Complete Your Spring Evaluation Survey

There's still time to submit your evaluations. Your input is valuable and guides our improvements as we gear up for new sessions this fall.

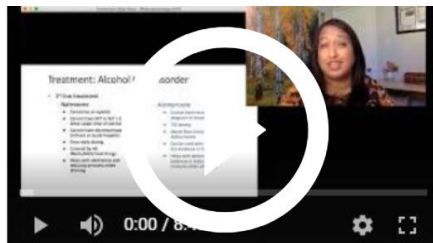

Help us deliver a better program to serve you better. The survey takes 5-10 minutes to complete. Thank you for your efforts. We look forward to seeing you in September for the fall sessions.
